Dear Hiring Manager,

I am very interested in your job posting and would like to learn more about this great opportunity. I am an accomplished Sr. Front-End Web Developer with over 16 years of experience in front-end development, user interface/experience, graphic design, database architecture, JavaScript/jQuery, Angular, React, Bootstrap, NodeJs, Express.js, MongoDB, Phoenix/Elixir, JSON/XML, Rest API, and other popular languages/frameworks. Experience in both MEAN and LAMP stacks.

I graduated from Clark Atlanta University with a bachelor's degree in Business Administration with concentrations in Finance and Management Information Systems. As a student, I gained the necessary knowledge that is required to perform this particular position.

I have worked as a Sr. Front-End Web Developer, Software Engineer, Database Architect, and a Mobile Applications Developer with highly reputable corporations such as AT&T, LeasePlan USA, and the startup Luma Home.

Thank you for reviewing my resume. I am very excited to have this opportunity to address you and I know that our face-to-face interview will be a joy for us both. I have enclosed a copy of my resume for your review. I have what it takes to add value to the organization.

I am available for interview at any time. Please do not hesitate to call me. I look forward to your response.

Sincerely,

**Mark Anthony Russell**
Sr. Front-End Web Developer/
Software Engineer
